To Whom It May Concern:

PersoNet's forte is workforce management solutions utilizing flexible staffing strategies integrated with up-to-date technology systems. These management options offer a complete package tailored to your unique challenges, whether you need one employee or one thousand, PersoNet does it for you.

Our firm selected Results Telemarketing from several telemarketing companies to schedule qualified business-to-business appointments for our staffing solutions.

From the start, Results Telemarketing was involved with us each day to ensure that all of the planning and preparation was completed to our satisfaction and it paid off.

Their callers have consistently been generating appointments that are leading to new sales and I would recommend their services to any company that is looking for telemarketing services.
