

To Whom It May Concern:

The UPS Store locations offer a wide range of document services, including color copies, black and white copies, digital printing, offset printing for business cards and brochures, binding, laminating and other finishing services, as well as paper and office supplies.

We reviewed the qualifications of several telemarketing companies for a pilot program to schedule qualified appointments with business owners regarding document services. Based upon their professionalism and past experience, we chose Results Telemarketing.

Throughout the project, the representatives from Results Telemarketing worked closely with the store owners and delivered quality appointments.

We would recommend Results Telemarketing to other companies looking for business to business telemarketing services.
